- Automatic Premium Loan (APL)

If the APL option is not chosen the default is RPU, unless the cash surrender amount would purchase less than \$1,000 of face amount. In that case, Foresters may surrender the certificate and payout the cash surrender value.

If the owner elects APL we will switch the payment mode to monthly (if the certificate is on another mode) should the certificate go onto APL.

## **CONVERSIONS**

Foresters non-medical term certificates can convert to all non-medical versions of Foresters Advantage Plus.

Conversions to Foresters Advantage Plus are not required to meet the minimum face amount, however:

- if the old term coverage is less than \$25,000, it must be converted in its entirety, and;
- if the new Foresters Advantage Plus coverage will be below the minimum face amount, the premium option must be Pay to 100.

## **1035 EXCHANGES**

1035 exchanges are allowed, provided that monies from the 1035 exchange are applied towards a single payment for the Paid-up Additions Rider.

## **CHARITY BENEFIT PROVISION**

The Charity Benefit Provision is a contractual provision that is automatically included at no additional premium.

When a claim is paid to the beneficiaries, Foresters will pay an additional 1% of the face

amount (to a maximum of \$100,000) to an accredited nonprofit organization as designated by the owner. The designated charitable organization must be an accredited 501(c)(3) organization under the Internal Revenue Code and eligible to receive charitable contributions as defined in section 170(c) of that code.

The payment is over and above the face amount; there is no decrease in the payment to the beneficiary(ies). A face amount reduction under an Accelerated Death Benefit Rider does not impact the payment made to the charitable organization.

The owner designates the charity at the time of application, but can change the designation while the coverage is in force. However if no beneficiary is designated, then the benefit will not be paid. The payment is made as a donation in the name of the insured. The donation is 100% tax free and does not need to be included as part of the insured's estate. The donation may be eligible for a charitable tax deduction from the charity.

## **CASH VALUE AND DIVIDENDS**

### **CASH VALUES**

Cash values are guaranteed and vary based only on gender and tobacco status.

### **DIVIDENDS**

Dividends are not guaranteed and vary by gender, band, smoker, preferred/standard, and premium-pay period.

Available dividend options are:

- Paid-up Additions (PUA)
- On deposit with interest
- To reduce premiums
- Paid in cash

The default dividend option is Paid-up Additions (PUA).

## **SURRENDERS AND LOANS**

### **SURRENDERS**

The certificate may be partially or fully surrendered for its cash surrender value at any time.

#### *Full Surrender*

A certificate can be fully surrendered for its guaranteed cash value, plus the value of any Paid-up Additions (PUA) or accumulated dividends on deposit, less any outstanding debt.

### *Partial Surrender*

A certificate can be partially surrendered by surrendering Paid-up Additions. The death benefit supported by the Paid-up Additions (PUA) will be reduced accordingly. Each partial surrender must be for at least \$500.00.

### **LOANS**

Loan(s) may be obtained from Foresters using the certificate as collateral. The certificate must be in effect and have a positive cash surrender value at the time of the loan.

Interest is charged daily at the current Foresters US variable loan rate. The amount of the loan requested may be adjusted if the cash surrender value at that time is insufficient.

Loan repayment – All or part of a certificate loan may be repaid at any time prior to the death\* of the insured or the surrender of the certificate. Repayments will reduce the loan amount.

*\*The death proceeds payable are reduced by the outstanding amount of the loan (and accrued interest). If the loan amount exceeds the account value, the certificate will terminate. Also, if the certificate terminates/lapses while there is a loan, the loan will be treated as a distribution from the certificate, and there may be tax consequences as a result.*

### **REINSTATEMENT**

Foresters may approve the reinstatement of a lapsed certificate within three years of its lapse subject to:

- Evidence of insurability accepted by Foresters
- Payment of the unpaid premiums since lapse, plus any debt existing on the lapse date, plus applicable interest

Interest on the unpaid premiums will not exceed 6.0%. Interest on a loan will not exceed Foresters variable loan rate in effect during reinstatement period.
